

supply the needs in agriculture and animal husbandry for the country.

These companies are activating to supply some inputs like fertilizers, Chemicals, seeds, machinery and implements, breedings, renewing woods and pastures, and irrigation projects.

Eng. Shafeinia said: Jahed company has imported genomics from USA and Canada, so we shortened the animal breeding in the country.

According to the agreements with USA, We planned to increase milk production to 10% that affects the milk final cost.

Eng. Shafeinia added: the main inputs such as corn, barley and soya meal faced to a crisis because of currencies changes in 1392 (2013). But, I promise to farmers and poultry producers that no change will occur till the end of 1394 (2015). And to keep a balance in the market the imports will decrease.

Evolutionary Decisions to attract cashes by Bank Keshavarzi

Bank keshavarzi like other banks has to increase its possessions, it is for its presence in agriculture sector improvement. All of the big and small activators and investors can help this bank by opening an account.

This bank, because of its name dose most of its activitres in agriculture sector. For example, it paid 146.650. (billion Rls) in loans to the farmers. For this reason this bank must attract cashes from urban socities.

Now, Bank keshavarzi uses all of the new technics and innovations services for the customers.

Now, most of the Bank Keshavarzi activities are related to food security, there fore the small and big savings in urban socities must drive to this bank.

Editorial

Not forget agriculture Sector in Foreign Investment

After dissolving nuclear deal between Iran and 5+1 Countries, high ranking delegations in Politicians, Trader and manufacturers came to Iran. This volume of foreign delegations can be unexpected in Middle East and world geopolitic stage.

Now, 11th government is against to a different phenomenon in foreing diplomacy, and must be careful about Iran`s economical interests. They have to know that our country advantages is not only in oil, petrochemicals, vehicles, mines or hotelling investing, but must observe to agricultural infrastructures like soil and water, animal husbandry, agricultural machinaries, Genomics and etc. Iranian responsibles must try to balance the investments in all sectors.

Survey the challenges of the biggest Sector of agricultural economy

Villagers immigration is one the most difficult problems in the country for a few decades. Till now, all of the governments could not or were not eager to find a solution for this bad phenomenon. Sometimes, they put a plan to develop processing industries as a solution, but it was not succeeded.

M. R. Raisee, managing Director of central union of rural and agriculture cooprations, told many problems about Iranian villages clearly.

He said: To prevent the villagers immigration, we have to make many jobs. He believes that establishment a bank by the name of “Rural Bank” can attract small invests from villagers.

Raisee said: Brokers are the worst problem for farmers and Central Union planned to buy and sell the member`s crops. Other challenges were reviewed in summary.

Eng. Shafeinia:

Reducing final cost of agricultrural crops, as a permanent function

Jihad – e Esteglal is a complex from few companies that their goal is to produce and

In the name of GOD
